OK Cancel	

- 4. Software Search Option Screen
 - A. Select "Search for the best driver in these locations".
 - **B.** Remove the check mark next to "Search removable media (floppy, CD-ROM...)".
 - C. Make sure the "Include this location in the search" check box is selected, and click "Browse".

D. Select the folder where the print driver software is located, then click **"OK"**.

E. Make sure the folder selected in the previous step is shown in the pull-down menu, then click **"Next"**.

Hardware Installation

1 The software you are installing for this hardware: Printers has not passed Windows Logo testing to verify its compatibility with this version of Windows. (Tell me why this testing is important) Continuing your installation of this software may impair or destabilize the correct operation of your system either immediately or in the future. Microsoft strongly recommends that you stop this installation now and contact the hardware vendor for software that has passed Windows Logo testing. STOP Installation Continue Anyway Found New Hardware Wizard Completing the Found New Hardware Wizard The wizard has finished installing the software for:
